

AIRPORT

POLICY STATEMENT

FOR PREVENTION OF MAJOR ACCIDENTS IN FUEL STORAGE FACILITY OF SOFIA AIRPORT

SOF Connect AD has the responsibility to provide quality services to its customers by developing airport operations and the provision of ground handling services, including reception, storage and refuelling of aviation and automotive fuels, following a considered and scientifically sound Policy for prevention of major accidents that could cause harm to people and the environment.

The Policy is based on the following principles:

- strict observance of the normative and inter-departmental documents related to protecting the environment, preventing accidents and eliminating the consequences of them;
- strict observance of the normative and inter-departmental documents related to ensuring the safe and fault-free operation of the facilities;
- maintaining healthy and safe working conditions;
- maintaining a high level of knowledge and technical skills of the staff for safe operation on site.

The main priority for the management of the company is to follow this Policy to reduce the risk of major accidents and limit their consequences in order to:

- protection of life and health of people on the territory of Sofia Airport and other sites located nearby;
- prevention of dangerous and permanent pollution and damage to the environmental components;
- protection of facilities and property;
- building a corporate culture in terms of environmental protection, including by preventing major accidents.

The achievement of these objectives is ensured through the efficient operation and continuous improvement of the safety management system, including:

- development and updating of emergency plans;
- maintaining the readiness of staff for emergency response through training and regular exercise;
- analysis of possible accidents and reporting of prevented accidents;
- use of the accumulated experience and best practices regarding the prevention of major accidents.

The management of SOF Connect AD is committed and responsible for providing all the necessary resources to comply with this Policy.

The Policy was approved by the Management Board on 10.11.2021
